Atchison, Kan., Oct. 31 .- An old man amed Charley Perry of St. Joseph, came to Atchison yesterday as the resilt of a practical joke. Several Atthison men had told Perry that Atchion was full of rich widows, who were cazy to get married and he had letters No. 1 at 5:00 a. m. instead of 5:05 a. m.

ARE YOU GOING TO KANSAS CITY?
REMEMBER THE MISSOURI PACIFIC RAILWAY COMPANY
is the ony line that runs a strictly

Wichita at 9:05 p. m., arriving at Kansas City next morning at 7:20. This
train is made up at Wichita, and therefore always leaves on time. Nice chair
cars and Pulliman sleepers.

Notice the leaving time, and the next
time you go to Kansas City take the

The widow he admired caught onto the joke and sent for several other widows of ter acquaintance, and made rather a ter acquaintance, and made rather a dince of the old gentleman, who is over 70-years-old. Perry used to five at Weston. Mo., and in his younger thys was quite prominent in Platte and Fuchanan counties. Perry returned to St. Joseph in the evening, disappointed at his failure to form an alliance with one of the widows. He has a list of Atchlson widows, and stated before he left that he would call again. The old gentleman it not as brisk mentally as he was in his younger days when he livel at Weston.

HORNED RABBIT CAUGHT. Dodge City, Kan., Oct. 31.—Two old frontiersmen of this place, "Baidy" Bond and "Banty" Reynolds, can certainly lay claim to the distinction of being the discoverers of a new species of the rabbit family. While out shooting in the immediate position. ing in the immediate vicinity of this city they killed either a most peculiar freak of nature of an animal the like which has never been seen nor heard

of in this section.

The "varmont" has the general appearance of a common fack-rabbit, but upon closer examination a perfect pair of minature horns were disclosed. The horns are of a highly polished black, bony substance, about three-quarters of an inch in diameter at their base, and taper in graceful lines to a needle like point about four inches from their connection with the skull. These formidable looking adjuncts to the Kansas jack-rabbit are corrugated and have a slightly backward curvation, giving the entirely a reamblance to a giving the animal a resemblance to a dwarfed specimen of the goat family of the William persuasion. The re-semblance is further heightened by a luxurious hirsute growth of a la Peffer.
The animal was on exhibition here for several hours, being examined by sev-

eral old timers, who have hunted and trapped in this country for many years. They all say, "No sich beast war ever seen in these parts afore." Bond and Reynolds have sent the carcass to a taxidermist in Denver, where it will be properly mounted, after which they will present it to the Smithsonian insti-VETERAN FIGURES RIGHT.

Topeka, Kan., Oct. 21.—Rev. Bernard Welly, in his recent speech in Topeka, made the assertion that if the returns in Secretary Coourn's office show only 35,000 old soldiers in Kansas, they are

Culte a good deal of discussion had followed as to what the right figures should be. Congressman W. A. Calderhead lately addressed a letter to Pension Agent George W. Glick, asking. for the facts, and yesterday Mr. Glick replied as follows; "My Dear Sir- Your letter of the

over the precious relic to the Polish museum, founded by Count Plater, of Rapperschwyl, on the banks of the 28th is at hand, in which you say, T notice a report of Secretary Coburn that the returns in his office show about 25,000 old soldlers in Kansas' and which lake of Zurich. you say is too small a number. You also make the statement that you understood me to say that here were about 47,000 soldiers in Kansas. I rec-ollect the conversation, but have no Histingt recollection of the number I and again dissolved B C. 147. The gave you in the conversation, but from the examination of the rolls in this office. I think I gave you the number at \$7,000 pensioners. The report of Secretary Coburn of 35,000 soldiers in Kan-ras, if you mean by that those who are drawing pensions, is substantially cor-

The number of pensioners on "The number of pensioners on the rolls of this agency on the 30th of June last was 104,558, with a slight increase monthly from that date to the present, which would indicate that the number now it at least 105,000. The records of this office show upon the rolls 37,937 pensioners residing in Kansas on the 30th of June last. The records of the pension department show that there pension department show that there are about 5,500 pensioners in the state of Kansas who draw their pensions at other agencies than this. The records of this office show that this agency pays pensions in every state and territory in the Union, excepting A'aska.

As near as I can ascertain from the records without making an actual count of the names on the rolls, there count of the names on the rolls, there are about 6,500 widows on the rolls of this agency. Deducting that number from the 28,600 pensioners now on the rolls leaves about 31,500 msle pensioners in Kansas; and taking three-fourths of the pensioners residing in Kansas who are males and who draw their pensions at other agencies, would make about 25,510 pensioners now actually residing In the state of Kansas, which would in dicate that Secretary Coburn's report was about as near correct as 't could be made when he has to rely only upon the work of township trustees and city

I think this gives you the facts as they actually exist, as near as they can be ascertained at this time, without making an actual count of the rolls, which would require considerable labor From the best data that can be op-tained I think there are about 2,000 ex-suldiers in Kansas why are not draw. soldiers in Kansas, who are not draw-

That the Santa Fe route (St. Louis and San Francisco railway) is positively the only line running two daily through passenger trains from Wichita to St. Louis, without change, leaving Wichita at 10:40 a.m., and 10:35 p. m., arriving in St. Louis at 6:30 p. m., and 6:50 a.m. The equipment of these finding is first class in every particular, consisting of elegant reclining chair cars (see it free) and Pullman Palace Drawing Room Sleepers.

If you are going beyond St. Louis remember that connection with all lines for the east, northeast and southeast is made in the magnificent new Grand Hack Line.
